Meril is a Global Medical Devices Company dedicated to the design and development of novel, clinically relevant state-of-art and best in class devices to alleviate human suffering and improve the quality of life. It has modern manufacturing facilities working across four major divisions - Vascular Interventional Devices, Orthopedics, In-vitro Diagnostics and Endo-Surgery.

Meril Endo-Surgery offers “one-stop” solution for surgeons by providing them with an extensive product portfolio comprising Absorbable & Non-Absorbable Surgical Sutures, Cardiac Solutions, Biosurgical Solutions, Hernia Repair Solutions, Intrauterine Devices, and Endo-Mechanical Devices.

While innovation and advancement in Medical Technology play a vital role in contributing to the betterment of a healthy society, a larger role also lies in educating and imparting practical training to doctors, clinicians and other members of medical fraternity. This initiative will help bridge the gaps between the available technology, its adoption and its implementation for superior patient care.

To add value to medical professionals and young medical interns, Meril has specially designed a world-class institution spread over a massive area of 200,000 sq.ft. at Vapi.

Meril Academy offers innovative and modern training modalities which impart customized courses for doctors and paramedical staff.

Dear Friends,

The PCOS SOCIETY INDIA welcomes you to attend the PCOS SYMPOSA 2017, to be held on 18th and 19th March at Vapi.

This exclusive, two-day program is meticulously designed to upgrade and discuss various “Surgical Solutions for PCOS Woman”. During this program, we aim to understand and optimize the use of various surgical disciplines and imbibve the latest research towards a better quality of life for young girls and women with PCOS.

We would like to thank all the faculty members for their contribution of expertise and time in developing and executing this program. A special thanks to Meril Endo-Surgery for facilitating the entire program.

We extend our warm welcome to all the delegates and faculties to enjoy our hospitality and academic sessions.
